# Decision Support Release Notes

## Release 2008-08

# 1. Student

## 1.1 Corrected Logic in Student PDL Tables

**Areas Affected:**

| | |
|---|---|
| Universe(s): | EDW-STU Records |
| Table(s): | T_STUDENT_PDL_DEG_COMMENT_HIST |
| | T_STUDENT_PDL_DEG_HIST |
| | T_STUDENT_PDL_DEG_HONOR_HIST |

**Case Number:**        20060831_311

**Date Implemented:**   August 21, 2008

**Description:**        Decision Support corrected the logic in the population of Campus/College/Department in the tables listed above. The correction allows users to conduct accurate student reporting and allows users reporting on PDL data to return all appropriate student data in their output.

## 1.2 Corrected Business Rules for Population of Student Registration Indicator

**Areas Affected:**

| | |
|---|---|
| Universe(s): | EDW-STU Pre-Registration and Registration |
| Table(s): | T_STUDENT_REG_HIST |
| | T_RS_STUDENT_REG |

**Case Number:**        20080626_262

**Date Implemented:**   August 21, 2008

**Description:**        Decision Support corrected the business rules for populating the Student Registration Indicator. The correction allows users to receive the correct response from the indicator stating that a student is enrolled for a term.

## 1.3 Added New Admission High School Code for Transfer Students

**Areas Affected:**

| | |
|---|---|
| Universe(s): | EDW-Current Applicant |
| | EDW-Current Recruit |
| | EDW-STU Registration Census |
| | EDW-STU Registration Complete |
| Table(s): | T_ADM_STD_HS_HIST |
| Column(s): | ADM_STD_HS_CD |
| | ADM_STD_HS_DESC |
| | ADM_SBGI_CD |
| | ADM_SBGI_NAME |

**Case Number:**        20080626_262

**Date Implemented:**   August 21, 2008

**Description:**        Decision Support accommodated to the new addition of the Admission High School Code (X1THS) to identify for transfer students. This code is addition to the X1HS code already in use. Additions of new columns allow users to differentiate the values to alleviate confusion.

# 2. HR/Payroll

## 2.1 Added Position Labor Distribution/Job Labor Distribution Mismatch Indicator

**Areas Affected:**
    Universe(s):    EDW-HR Position/Job Hierarchy

**Case Number:**    20070828_871

**Date Implemented:**    August 21, 2008

**Description:**    Decision Support added an indicator to signify mismatches between the CFOAPAs on job and position labor distributions in the annual salary planning process.

## 2.2 Corrected Lookup for Organization Column on Table

**Areas Affected:**
    Universe(s):    EDW-HR Payroll
    Table(s):    T_PAYR_JOB_EARNS

**Case Number:**    20080625_425

**Date Implemented:**    August 21, 2008

**Description:**    Decision Support corrected a problem with the mapping for table, T_PAYR_JOB_EARNS. This corrected any existing bad data and updated the table.
