1. Student

1.1 Updated Join in Registration Directory Universe

Areas Affected:

Universe(s): EDW-STU Registration Directory
View(s): V_STUDENT_ENRL_WD_PRR_DIR
V_STUDENT_REG_HIST_DIR

Case Number: 20090707_R48922

Date Implemented: September 17, 2009

Description: Decision Support updated the join in the Registration Directory Universe by adding the join on Term and EDW_PERS_ID.

1.2 Corrected the Student AH Course Grade History Table to Show the Most Current Rows

Areas Affected:

Table(s): T_STUDENT_AH_CRS_GRADE_HIST

Case Number: 20080730_568

Date Implemented: September 17, 2009

Description: Decision Support corrected 56 rows up to 2006 that did not have the correct Current Information Indicator in the table listed above. There did not seem to be any issues with data after 2006.

1.3 Added New Numeric High School GPA in Application Census

Areas Affected:

Universe(s): DM - STU - Application Census
Table(s): T_AC_ADM_STD
View(s): V_AC_ADM_STD_HS

Case Number: 20080215_528

Date Implemented: September 17, 2009

Description: Decision Support added Numeric High School GPA to the Application Census Universe. The new column was added to the table and view listed above. The addition allows users to average High School GPA over a selection of applicants in the universe.

1.4 Added Data to the DM RA Analysis Fact Table

Areas Affected:

Table(s): T_DM_RA_ANLS_FACT

Case Number: 20090901_R99514

Date Implemented: September 4, 2009

Description: Decision Support added data to the table listed above to improve data quality.

1.5 Loaded Data to the Application Census Race Table

Areas Affected:

Universe(s): DM - STU - Application Census
Table(s): T_AC_RACE

Case Number: 20090908_R107174

Date Implemented: September 8, 2009

Description: Decision Support loaded data to the table listed above to bring it current with the most recent census date. The data failed to load when initially scheduled because of an Informatica migration issue.

1.6 Corrected Data Processing for the Person History Table

Areas Affected:

Table(s): T_PERS_HIST

Case Number: 20090901_R99408

Date Implemented: September 10, 2009

Description: Decision Support corrected a Data Warehouse processing issue that had caused the condition Y = White Indicator to not function properly for several rows in the table listed and its views.

1.7 Corrected Data Processing for the Maximum Test Results Table

Areas Affected:

Table(s): T_MAX_TEST_RESULT

Case Number: 20090616_R38934

Date Implemented: September 17, 2009

Description: Decision Support corrected a Data Warehouse processing issue that had caused the maximum test score not to reported in the table listed in some cases.

2. HR/Payroll

2.1 Modified Joins in the Employee Administration Universe

Areas Affected:

Universe(s): EDW-HR Employee Administration

Case Number: 20090527_R25617

Date Implemented: September 17, 2009

Description: Decision Support modified the joins in the Employee Administration Universe. The modification allows users to create queries utilizing both the Tenure and Rank information without omitting correct results.

3. Finance

3.1 Added Data Fields to Tables and Grants Proposal Universe

Areas Affected:

Universe(s): EDW-Finance Grants Proposal
Table(s): T_PRPSL
T_PRPSL_BUDG

Case Number: 20090505_R14963

Date Implemented: September 17, 2009

Description: Decision Support added six additional data fields from the source, GMSPROD, to the tables and universe listed above. The data fields added are: Award Number, Sponsor Award, Submit Date (Urbana), Process Date (Chicago), F&A Rate-On Campus, and F&A Rate-Off Campus.
