## Logging into Web Intelligence Rich Client

Web Intelligence is an easy to use report editor that allows you to create, edit, and analyze both simple and complex business intelligence reports. These instructions will show you how to log into Web Intelligence Rich Client, the desktop version of Web Intelligence.

You will log in to Web Intelligence using your University NetID and Password, and select LDAP from the Authentication drop-down.

1. Open SAP BusinessObjects Web Intelligence 🌱 program from your computer.

**Note:** If you do not have a short-cut for Web Intelligence, you can find it by clicking the Windows start menu, then selecting **All Programs > SAP Business Intelligence > SAP Business Objects Web Intelligence.**
